BOATYARD DOUBLE GIN

–

46% ABV

"A SMOOTH, ORGANIC JUNIPER-LED DRY GIN, WITH NOTES OF CITRUS AND FLORAL SWEETNESS MADE USING OUR DOUBLE CONTACT METHOD."

HOW IT'S MADE

The Boatyard Distillery is situated on the banks of Lough Erne, County Fermanagh, North West Ireland. Founded by Joe McGirr in 2016, Boatyard is Fermanagh's first legal distillery since 1890.

Organically produced wheat spirit is macerated for 18 hours with 8 different botanicals, including Sweet Gale which has been harvested from the family farm. The 'double' in Boatyard Double Gin refers to our distillation process and a purist's approach of placing organic juniper at both the start and end of the process. This double contact method, which Dutch genever distillers would term 'dubbel gebeide genever', results in a more pronounced juniper flavour.

1. Juniper	86%
2.Coriander	11.5%
3. Liquorice	0.45%
4. Angelica	0.45%
5. Orris	0.25%
6. Citrus	0.45%
7. Grains of Paradise	0.45%
8. Sweet Gale	0.45%
